Solo Vita's Green Home Care Solutions

Making the World a Healthier Place--It's easier than you think!

Just by using low-dose, low-burden cleaning products you can deliver huge benefits for generations to come.

Call **Solo Vita** today so that we can help you rid your home of harmful toxic chemicals, and then introduce ones that are cost effective and healthier for you, your home and the planet.

GNLD's most powerful cleaning product: industrial strength **Super 10!** Penetrates, dissolves and emulsifies even the toughest grit and grime. It's perfect for industrial use, yet safe in the home. Super 10 makes all your cleaning chores easier, yet it's compatible with the environment. You'll love the way it penetrates grease and stains, wipes out fingerprints on glass, black heel marks on floors, and soapy residue on tile and grout. You choose the strength you need for each cleaning task. It's powerful cleaning for just pennies per use.

GNLD's **LDC** is the mildest, most versatile household cleaner available today. It can be used to wash dishes, hand-washable lingerie, sweaters, kitchen counters, stove tops, refrigerators, and many other soiled surfaces. The key to LDC's powerful cleansing action is its very concentrated surfactant system. Cleans fruits and vegetables as well.

Today's most powerful non-polluting detergent, **G-One** is a concentrated laundry powder that's organic, low in phosphate, free-rinsing and 100% biodegradable. Formulated to outperform most other detergents, particularly against tough, oily dirt and when washing in hard water.

There is no need for fabric softener with **G-One!**
